DARREN ROBINSON - DARREN ROBINSON PHOTOGRAPHY

Darren has been captivated by the art of photography since his youth. Similarly, his passion for nature and the outdoors has further inspired his unique style. Darren can often be seen searching for the closest waterfall to shoot...or jump off of. Darren started Focus On The Rockies, a photography workshop that brought world-class photographers, such as Daryl Benson, John Marriott and Darwin Wiggett, together to instruct novice and intermediate participants on improving their photography skills. Darren's images have been featured in many tourism-based marketing pieces, ad campaigns and websites.
